

EDWARD G. DONOVAN
Mayor

BARBARA ILARIA
Municipal Clerk

BOROUGH OF MANASQUAN
COUNTY OF MONMOUTH
NEW JERSEY 08736

JOSEPH R. DEIORIO
Municipal Administrator/
Chief Financial Officer

To: Residents of First Ave. (sections), Brielle Road (part), and Stockton Ave. (between First and Second Ave.)

September 15, 2016

Dear Resident,

The Borough Council has approved an ADA project at certain intersections along First Avenue. In addition, some street paving will be done on the streets impacted by this work. You can see the areas impacted (in grey) on the project map which is attached. We are not doing the entire length of First Avenue at this time.

The scope of work involves ADA ramps on all corners shown, new storm drains at certain locations, overlay of the intersection and new street markings. In addition, on Brielle Road from the easterly end to where the Brielle Road project ended just west of First Avenue, the street will be paved. We are also doing some curb and sidewalk work and paving on Stockton Avenue, between First and Second Avenues.

The Council has successfully obtained a grant from the Community Development Block Grant Program (CDBG) for about \$146,000.00. Part of the project costs are being paid through this grant.

The project is currently being bid and should start around November 1st. We have asked the contractor to send an additional notice at least one week prior to beginning work to those impacted by the project.

We recommend that if you plan to do any water line or sewer line work to your home, you do this before the final paving is completed. The Borough road opening ordinance calls for an eight (8) year moratorium on opening roadways following a paving project. The ordinance does provide for exceptions to this eight (8) year moratorium, but requires a more costly opening repair.

Please feel free to contact our interim Administrator John Trengrove should you have any questions or concerns. He can be reached at 732-223-0544 ext. 234.

Sincerely,

Jeff Lee
Chairman of Public Works Committee
